Staffing Support Types

- Department of Defense – Clinical Staffing Support to Kootenai Health Only; 23-person medical response team
- GSA Contract (ACI) – Clinical Staffing Support; over 500 staffing deployed via contract
- Idaho National Guard – Non-clinical Staffing Support; over 100 ING members authorized and deployed
- Veterans Administration Facility – continues to accept civilian patients

Next Steps

- Federal contracts and support coming to a close without contract extensions.
- Contracts with DOD, GSA/ACI, ING requested for extension for 30 days
- FEMA support currently 100%; first of year 75/25% (FEMA/State) cost share – currently navigating and providing notice to the health care partners so they can begin planning beyond the 30-day extension
 - 30-days out: Still at 100% FEMA support
 - 45-days out: Transition to 75% FEMA support and 25% State support; planning for staffing to depart
 - 60-days out: Cost share for staffing support will shift to facility using staff
